I've made all my friends with my insensitivity
I know You act as if nothing happened even after huge fights
That's how my father taught me to act
your father?
To be continued

I may not have
h s p cutre and he

He was always

I felt as f he

I got along
with father
so well that
he l ked me

JS
Hugging head was how my father showed his love.
I learned it somehow.
I remember how his back looked like when he was leaving me
I also remember how much my sisters and I cried when we were separated.
끙따!
I don't know who sent this airline ticket, but I suppose someone wants me to come.
So will you let me go with a smile on your face ?

I will forget you!
Really?
I am not as smart as you are
You are really going to forget me ?
Yeah I will
After all, you are not even my family Once you leave you are no more than just a person to me
Time will probably make me to forget you

We have to say good-bye once more.
Why do you keep saying mean things ?

The airline ticket you sent, I felt as if it was a warning.
I am ashamed of myself ...

JS
She's smart, healthy, and has a lot of friends.
She is a fine lady now.

I haven't been able to contact him lately but been asked for a favor

to live together once again

Then you must have sent the ticket

By any chance

Do you know why we had to get separated?

Father left me without saying a word So

Your father was

so weak and hopless

He was unable to overcome the loss of your mother

He had to earn money to raise his children So he had to leave you to good hands

JS

My father was not weak and hopless.
He was strong like Steve Ost'n
Liar !!
?.?
He's Shi's hero.
He was like a batman
who would protect me and my sisters no matter what.

Ah... batman is rich...
I see so money was the problem
Who knows
Why does she recall her father like that ?
He's coming back once we are all gathered right?
He will come back like Steve Ostin
Yeah probably

He left early to find the last-born in Japan.
He left ?
He said she has no sense of direction So he have to find her and take her to Korea

The youngest sister is in Japan
So it was not only me who was separated
How about my other sister ?

She may be young but she s blunt you know
Father -

A family and a place to stay
You Don't you have a r ch boyfr end ?
I am go ng to take h m back though
I do also have a family in fact.
Two sisters and father.

JS
Are those your sisters? You suck at drawing!
깨하하
They look all the same!
Of course, we are triplets
What?
I even have a photo of my sisters
I look at it every day not to forget who's who
But even so I keep getting confused
I do remember my father well though
Small and cute face
A smile like an angel

He was small and cute like a rabbit or hamster
Just how old was your father?
So I think he liked me most because I looked alike him
I remember always being hugged by him
There were chicks and rabbits running around in the backyard
하하

I have nowhere else to go.

JS
Sayonara
Natsumi-chan
I heard you met Natsumi?
Oh my ... it must have been the thing I told you earlier
How did it go? Nothing bad happened right?
Thanks Seko-san

You helped me when I was having hardship
Gave me money a place to stay
I can't thank you enough
Well you don't have to
But !
tried to blame on pure Natsumi-chan for something she did not do
You as a grown up adult
You are low !

JS
Uh
I thought you were only cute
But I guess you are quite smart also Mong chan?
So what are you going to do ?
Are you going to tell your boyfriend about it?
After he hear about it
will he still love you?
You should have forgotten about a tree that you could not possibly climb
This is all a result of your greediness

Long ago, rainly day...
It wasn't easy to adopt some frivolous rootless kid to the family
Besides, you weren't even a Japanese
I... never was greedy.
The word, frivolous...
It's for low people like you who don't know themselves and live in their dreams, Seiko-san.
That day noting happend
!
Even so I don't want to get hurt by low people like yourself
JS

Those who I love
and those who love me
even Natsumi chan
I don't want them to be hurt because of me No more
Espec ally
I can't hold it no more !
you

You
I love you
I just left
I couldn't
stop her
a little
more than
the others
That was all

JS
Never
I will not let you give up on me !

But I thought I finally found her Besides she has no sense of direction
Mong chan does have sense of direction
